

Circular Informativa

N. 181/CD/100.20.200

Date: 22/11/2019

Subject: **CITS – Access to information by MAH**

To: MA Holders

Contact: Information Centre (CIMI); Tel. +351 217987373; E-mail: cimi@infarmed.pt.

Infarmed has developed a new portal to provide health technology information (CITS), where marketing authorization (MA) holders may validate the information regarding their medicinal products. CITS Portal is available at Infarmed's website, in the area Online Services.

[CITS Portal](#) features for MAH:

- Access is made with the same credentials used for the SMUH and SMUH-Alter platforms;
- MAH may require these credentials at https://app.infarmed.pt/smu_h_alter/frmLoginRequest.aspx.
- The MAH restricted access allows the verification and validation of information regarding the commercialization status, pricing and reimbursement in the current and the following month. There is also a possibility to export the information to Excel.

The [CITS portal](#) is a new model for providing information on medicines, medical devices and other reimbursed products that aims to improve the accessibility, quantity and quality of information provided to our customers and partners.

Temporarily, the link available in the Infomed area is directed to the CITS Portal.
