

AICIB / EATRIS / PtCRIN Joint Initiative

Science Talks

Virtual Workshop  
25 November 2020  
14-18h

# How are vaccines developed, approved and produced?

**Organization:**

Catarina Oliveira (AICIB) | Patrícia Calado (AICIB)  
Claudia Faria (EATRIS-PT) | Helena Baião (EATRI-PT)  
Emília Monteiro (PtCRIN) | Joana Batuca (ECRIN/PtCRIN)

**Registration:** Free, but mandatory

**Venue:** Online

**Schedule:** 25 November 2020, 14h – 18h

**Target:** max 50 (clinical, translational and basic) researchers' teams from public and private institutions

**Language:** English

**Objectives:**

- Get together translational, clinical investigators and SME interested in the field of developing and manufacturing vaccines
- Increase national awareness about vaccine development, approval and manufacture
- Disseminate the national expertise and infrastructures (e.g EATRIS and PtCRIN)
- Identify national constrains and measures to improve
- Up to date in COVID-19 vaccines

## Programme

Schedule	Topic	Speaker
14h00	Opening session	Catarina Oliveira (AICIB) Claudia Faria (EATRIS) Emília Monteiro (PtCRIN)
<b>Session 1: Development cycle of a vaccine</b>		
14h15	Biomedical research in vaccines: 1. The Steps on the Challenging Path to a Vaccine 2. Novel Strategies for Vaccine Development - Lessons from the Past	Miguel Prudêncio (iMM) Pedro Madureira (IMMUNETHEP)
15h05	Vaccine process development	António Roldão (iBET)
15h30	Clinical evaluation of vaccines: particularities of clinical trials	Catarina Madeira (NOVA-CRU)
15h55	Panel Q&A	<i>Moderator</i> Maria João Queiroz (AICIB/CTI)
16h25	Pause	
<b>Session 2 : – SARS-CoV-2 vaccines</b>		
16h40	Clinical trials for SARS-CoV-2 vaccine	Fátima Ventura (INFARMED)
17h00	Multinational cooperation: pan-European infrastructures – EATRIS and ECRIN	Jan Langermans (EATRIS) Jacques Demotes (ECRIN)
17h40	Panel Q&A	<i>Moderator</i> André Peralta-Santos (DGS)
18h00	Wrap-up	Catarina Oliveira (AICIB)
